Mission - **Au & Di serving with OMF in SE Asia**

Au & Di family went to Nepal to learn Business-to-Business (B2B) operations and to prepare sustainability to return to SE Asia long-term. Since July 2020, Au started paid-works and thus they have been able to fully financially self-supporting.

Due to the Covid-19 pandemic locked down, Au & Di family left Nepal for France to visit and stay with Au's parents there since end October 2020. After a long wait, they received their visas and returned to SE Asia in November 2022.

This Christmas season the rooms in their house were full of guests and the dining-table are over-flowed with food, fun & fellowship. Precious friends from Oz who used to live and serve here came to stay. It was a delight to share time and good conversation together. Shortly after they left some Dutch colleagues serving in the capital came to stay too.

Please Pray

- Praise God: In November they received their visas & work permit for another 12 months and recently renewed another year of house rental.
- Praise God for deepening friendships and ask Him to bless the conversations that flow from their time together.
- Pray for God's direction for the marketplace group as Au thinks about how it can move forward and who else could join.
- Jan 15th-20th Di lead a kid's program in the capital city for parents in the organisation from different locations. Please pray that the program will have a positive experience to the children.
